

Tito Pignetti

Tito is a Senior Practitioner with over 20 years' experience. He is a Remedial and Bowen Therapist, and also a registered Neuro-Spinologist who has used his refined manual therapy skills to help thousands of people since 1998. He has a Diploma in Myopractic and European Spinology from the world-renowned European College of Spinologia in Valencia, Spain.

Tito originally studied with the International College in Spinology in Sydney, then specialised in manual techniques originally with Dr Paul Conneely and then mentored and trained by Ted Jedynek (Podiatrist and Master in Foot Mobilisation Techniques (FMT)). Tito is well known for having the 'best hands in the business'!

Over the last 10 years, Tito has become a key note speaker and trainer throughout Australia and Europe in FMT and other modalities including Spinal, Dry Needling, Cupping and Bowen Techniques. Specific training and teaching to practitioners wishing to expand and refine their knowledge in post-graduate studies.

Tito is currently Director of the Foot and Leg Centre in Adelaide with his podiatrist colleague, Michael Talbot.

Tito can be contacted at:
